Should there be any problems regarding the quality of goods supplied, please advise our sales office within 3 days of delivery so that we can authorise collection for credit as applicable.

Incorrectly delivered items may be returned with the driver, who will issue a goods returned note as a receipt – No deduction should be made from the invoice as a credit note (that correctly takes into account the appropriate level of discount) will be issued once the goods are received at our warehouse.

Items returned without good cause will be accepted with a handling charge of 10%, and, (if pre-packs), our packing and labelling cost (Circa 25-30p per bag)

We cannot give credits for goods not returned to us. We will not give credit for returned goods that are pricemarked or defaced. Our drivers will not collect goods without authorisation. Special orders are NON-RETURNABLE

## **Out of Stocks**

All orders are accepted subject to availability. We do not notify of goods out of stock unless a specific request is made, with over 10,000 product lines it's difficult (verging on impossible) to keep on top of all of them. If you request to be notified of any shortages, we can phone, once your order is picked and ready for loading. i.e. late afternoon of the day before your delivery. We do not back-order shortages, they must be re-ordered and will be subject to the normal minimum order requirements for free delivery. No liability is accepted for losses incurred due to non-delivery of any item(s) for any reason.

## **Minimum Orders:**

We operate a minimum order system for free delivery, by area, please refer to postcode listing on back page of this catalogue.

Orders within our delivery area falling below the threshold will, at our discretion, incur a delivery charge of 10% of the minimum order charge for that area, or be sent by carrier (charged at cost).

**TO SIMPLIFY MATTERS REGARDING MINIMUM ORDER LEVELS WE NOW WORK BY POSTCODE, THE FIRST LETTER(S) OF YOUR POSTCODE WILL DETERMINE YOUR MINIMUM ORDER FOR FREE DELIVERY**

## **Split Cases,**

We will happily split cases at no extra charge, in the following manner only; cases of 20 or more – splits of halves or quarters, cases of 15 – splits of thirds, cases of 10 or 12 – half cases only. Splits of other quantities will be subject to a swinging 20% surcharge. We cannot split cases of special order items.

## **Carrier Deliveries**

We often send orders that fall below free delivery minimum order requirement to customers by carrier. The charge is £8.46+v.a.t. for up to 20kg and 30p per kilo thereafter, up to 100kg. Please allow at least 48 hours from order time to delivery

## **Office Hours**

Our Sales Office is open from 8.00 a.m. to 4.00 p.m. Monday to Thursday, and 8.00 a.m. to 12.00 a.m. Friday. Sometimes, due to sheer number of calls, we can't answer all of them; you will then get the dreaded machine - only leave your name and number or a brief message. Even with the advances in technology, it's still not clear enough to dictate an order to.

## **Care & Storage of Food**

**General rule of thumb for all our products: keep in a cool, dry place, not in direct contact with the floor. Use oldest stock first.**

**Grains & Grain Products are susceptible to infestation and are best bought regularly, but if stored well can be kept up to a year.**

**Nuts and Seeds need to be kept cold, as they can suffer from infestation and rancidity. Brazils, Cashews, Coconut, Pinenuts and all roasted nuts should be kept airtight.**

**Dried Fruit normally stores well for up to 6 months, but the fruit sugars are liable to crystallise, particularly in Figs. The fruit is still perfectly useable when this occurs. Keep fruit dry, as moisture encourages fermentation.**

**Oil tends to go cloudy when cold, especially Olive Oil. This will clear when returned to normal room temperatures. Honey is the one foodstuff on the planet that does not spoil with age. Stocks should still be rotated, as it crystallises and hardens after a few months.**

**Infestation If infestation occurs, immediately place the goods in a deep freeze for 7 days. This will kill the infestation and prevent contamination of other goods. Should more general infestation occur on your premises we advise immediate consultation with a specialist pest control agency.**
